INTRAVILAN LAND 2,306 SQM IN BREAZA - ALL UTILITIES AVAILABLE

<https://clubproperty.com>

- Land
- Sale
- 2300 m²

We offer for sale a generous intravilan plot of land located in the town of Breaza – one of the most sought-after mountain areas in Prahova County. The total surface is 2,306 sqm, with an impressive 114 linear meters of frontage to a newly asphalted road, ensuring easy access in all seasons. All utilities are available at the property boundary: natural gas, running water, sewage, and electricity – a major advantage for immediate construction. The land borders a forest, in an extremely quiet area, with clean mountain air and a remarkable natural landscape. According to studies by the National Institute
